IN A PANIC.

The frantic antics of the democratic generalissimos to counteract the apparently irresistible tide which has set in against their ticket are as ludicrous as they are imbecile. The scurrying to and fro of these Bombastes Furiosos; their magical journeyings and mystical conferences; their diplomatic devices and experimental expedients; the tireless work of their literary bureaus; their relentless assessment of governmental officials from the president down to the humblest scavenger—all betoken the extremity of their party and the exigency of the situation.

That the panic has taken a firm hold of the official head of the nation is a self-evident fact. It is indicated by the $10,000 contribution which came from the hands of the chief executive and has been heralded and published and emphasized from one end of the land to the other, and which has established the standard by which all the officials of the government are to measure their contributions. It is indicated by the inconsiderate message of retaliation which the president sent to congress and which was only sound and furry signifying nothing. It is indicated by the spasm of opposition to Chinese immigration which was based on the rejection of a treaty by the government—a treaty which may not have been rejected. It is indicated by the peripatetic tours of cabinet officers who go about nauseating the people with laudations of the purity and excellence of the present administration. None of these eccentricities would be indulged in, in the ordinary course of governmental business; nor would they take place if there were no emergency which did not require drastic remedies and powerful applications.

And the recent visit of the ubiquitous Col. Brice to the west is full of meaning. This astute "colonel" was once only a humble republican lawyer, but a shining career as a railroad wrecker enabled him in one short campaign to blossom out as an accomplished democratic statesman with all the attainments which the name implies. Realizing the entire hopelessness of his cause in the east he journeyed westward to learn if enough voters in some of the states near the great lakes and in the Mississippi valley could not be cajoled or purchased to make those states sure for the party of slavery and free trade. The brevity of his visit told the failure of his mission. The only result of his trip visible in Wisconsin is the publication of several columns of long letters from a few nervous crotchety persons in this state none of whom, so far as is known, voted for Blaine four years ago. The "Rainbow-chaser" evidently found nothing to comfort or encourage him in the west: He tarried but a few hours, then folded his tents, and his present where abouts cannot be told.

It is not unlikely that the result of the recent elections had a depression upon the average democratic mind. Even while the national convention was nominating Cleveland the news from Oregon came with crushing effect It was the handwriting on the wall which foretold certain destruction. Then came Rhode Island with its unusual majority and then Maine where Tom Reed was re-elected to congress by 2,500 majority where he had less than as many hundred two years ago. It would have been a victory of big dimensions for the administration if Tom Reed could have been defeated. And even Arkansas, that land of ague and hoecake, has lowered its democratic majority from sixty thousand to fifteen thousand. Even this majority would have been less had the party consented to forego some of these practices which are sanctioned by the unwritten law of democratic usage and omit some of the frauds which always accompany democratic domination. In the whole length and breadth of the land no election returns show indications which give consolation to the democratic heart. There are, therefore, substantial causes for the agitation in the adversary's camp.

RAKING UP BACK NUMBERS.

A drowning man will catch at a straw. The democrats are doing even worse than that. The thousands of democratic conversions to Harrison and Morton and protection, are bothering the democratic leaders a good deal, and so they are trying to play a dodge on the republicans by raking up all of the republican back numbers they can—men whom the republican party has lost sight of, and calling them fresh conversions to democracy and free trade faith. That scheme won't work worth a cent. Any party that will try to resurrect a man that is politically dead, especially one that is on its side already as the democratic party is doing, gives public notice from the house tops and also in double leaded type to the newspapers, that it is as dead as the man it tries to resurrect.

Just think of a party in 1888, with so many live issues to discuss, and so much of history to profit by, trying to enlist a lot of politically dead men in order to give the party a show of life and hope of success!

The democratic papers of Wisconsin have been indulging in the pleasant pastime of publishing the names of a half dozen back numbered republicans who have become much shelf-worn because they haven't been used by the party for years. One of them is our fellow citizen, Mr. David F. Sayre, who left the republican party years since for the same reason that Julian, of Indiana did, and he shouted for Cleveland all through the campaign of 1884. Then there was another one of the same class, Professor Whitney of Beloit, of whom the Free Press says "there was no more bitter opponent of the republican ticket in 1884 in Beloit than Professor H. M. Whitney."

In the Milwaukee Sentinel of to-day, we find a vote from our friend W. P. Clarke, of Milton, in reference to Prof. Place, of that town. He was likewise registered as one of the fresh democratic recruits, and of him Mr. Clarke makes the timely remark that "he is an ultra-freetrader, and was as outspoken in his opposition to the republican party four years ago as now. Neither of the other two quoted by the Journal as 'floppers' voted for Blaine. If their names have no more influence abroad than at home, they will change no voter to the party of secession and free trade."

These are fair samples of the conversion to free trade and democracy. But to deal in that kind of campaign fodder seems to give the democrats about as much pleasure as it does for a child to suck its thumb. There is no substance in it, but some fun.

The Gazette hopes that it will not mortally offend democratic feeling by publishing the fact that Patrick Moran an old settler of Clyman, Dodge county and a life-long democrat, has come out for Harrison and Morton. A residence, of fifty years in the United States has given him an opportunity to judge of the results of free trade and protection and he is in favor of the latter system for America. Moreover, he has seen the ruin that the English connection has brought upon the manufacturing interests of his native country, Irland, and he thinks it behooves the people of the United States not to be caught in the meshes of the British free trade lion. There are a good many other Patricks that are going to make the same investment that Mr. Moran has.

The New York Sun takes time to remark that "when the democratic state committee is organized and in working order, we shall advise that body, in the interest of democratic success in state and nation, to keep its eyes on Senator Quay rather than upon Colonel Calvin S. Brice." The Sun has given the democratic managers some very excellent advice this year in the hope to save them from overwhelming defeat, but the managers won't heed the admonition of the Sun. Senator Quay, who is a modest christian gentleman, never brags, is never idle, is always in good temper, and took the chairmanship of the republican national committee with the express purpose of leading the party to victory. Quay doesn't fail when he starts in.

Now comes the regular dispute among the doctors as to the cause of Prof. Proctor's death. Several kinds of fever, of which no two are alike, have been designated already as the disease that carried him off, and the controversy has only begun. The doctors of the democracy will soon have the same trouble in trying to find out what killed the democratic party. Some will lay it to free trade; some to Cleveland being a burden on the party; some to his civil service humbug; some to one thing some to another. But they will all agree that the party is dead.

Washington Irving Bishop, the mind reader, is giving seances at the City of Mexico. If Mr. Bishop would come to the United States and read the minds of the democratic campaign mangers, he would have lots of fun. He would see a scared set of men.

MEN WHO BEAR SCARS.

Many Veterans of the Late War Meet Again.

REUNIONS HELD IN VARIOUS CITIES.

General Alger Eulogizes the Late Phil Sheridan at the Meeting of the Army of the Cumberland at Chicago—Other Gatherings.

THEY MISS LITTLE PHIL.

GEN. ROSECRANS.

CHICAGO, Sept. 20.—The nineteenth annual re-union of the Society of the Army of the Cumberland began in the ladies' ordinary of the Grand Pacific. Over one hundred and fifty members were present when Colonel A. F. Stevenson called the meeting to order. He extended greetings to the veterans, and then called General Rosecrans to the chair. He was received with much applause. The General said he was glad to meet so many noble fellows after twenty-five years. Rev. Dr. Thomas then offered up prayer. General J. F. Fullerton then read the treasurer's report, which showed a net cash balance of $3,010.27. General H. M. Cist said that the secretary's report was not ready, and asked for time in order to prepare one.

Colonel Stone, chairman of the memorial committee, then submitted the names of the members who died during the year, as follows:

Major-Genera W. L. Elliot, Surgeon E. A. Highway, Ohio; Major J. Lowrie, Denver; General P. H. Sheridan; Brevet Major-General Stoughton, Mich.; Brevet Major-General W. A. Underwood, Boston; Brevet Major-General W. C. Whitake, Louisville; Brevet Colonel Charles T. Wing, New York; Brevet Brigadier-General Thomas Young, Cincinnati; General Granville Moody, Ohio.

General Fullerton offered a motion that a committee of nine be appointed to consider the question of erecting an equestrian monument at Washington in honor of General Sheridan. An amendment was made that a member of the society of each State be appointed. Considerable talk was indulged in and the matter was laid over.

Among the distinguished gentlemen present at the reunion are General Rosecrans, General James D. Morgan, Colonel H. Stone, General H. M. Cist, Colonel A. H. Stevenson, General Nathan Kimball, Colonel Davis, General Parkhurst, General C. R. Doolittle and General Keifer.

CHICAGO, Sept. 20.—The reunion of the surving members of the Army of the Cumberland at Central Music Hall last night was one of the most largely attended gatherings of representatives of the Grand Army of the Republic ever held in the State of Illinois. A nearly life size portrait of the late General Sheridan occupied the center of the stage, the stage itself being decorated with the National colors and trophies of the war. Over 100 veteran commanders, who served during the war occupied seats of honor on the stage, including Generals T. T. Crittenden, R. A. Alger, Warren Keifer and many others.

General Rosecrans, who acted as chairman, introduced Hon. John Roche, mayor of Chicago, who extended a most hearty welcome to the assembled veterans. Colonel H. Stone, the next speaker, gave a graphic history of the war of the rebellion, paying a glowing tribute to the brave Phil Sheridan who they all had fondly hoped would have presided at their meeting, as it was by him the reunion had been called, a short time ago, to assemble.

COLONEL STONE.

General Alger delivered a most interesting and touching eulogy on the life and career of General Sheridan, referring to all the great episodes of the war in which he bore so conspicuous a part. Among other things General Alger said:

"Nearly a quarter of a century has passed and peace reigns throughout the land, yet many of the men who served with him are still among the living. The muster rolls of the Grand Army of the Republic carry about 400,000 names, of which nearly 5,000 have been 'mustered out' during the past year. It is estimated that about one half of the veterans living belong to this organization, and it is but reasonable to suppose that those without are falling by the wayside as rapidly as those within. Thus 10,000 of these brave comrades have passed away since last you met, an average of about one for every time the minute hand passes around the dial of the clock. Their sufferings are ended. Their weary hearts are at rest. They are beyond care and trouble. No poor-house can ever open or close their doors to them. Let us ever revere their memory. The men who served their country and saved it, the men who made it what it is to-day, the comrades of our gallant Sheridan, ought to be the Nation's wards and not the Nation's paupers.

"'Great soul, loving father, devoted husband, loyal friend, your life, your affection for your country, your record as a soldier and as a man are the heritage of a grateful Nation. A country broken you helped to rebuild; a divided sentiment you helped to make one. On the bow of promise which, spanning this great land, assures us that 'peace, unity and concord' shall remain forever, are inscribed the names of the men who placed it there, and at its apex shines in letters as bright as the day, that shall never fade, the immortal name—Sheridan.'"

Upon the conclusion of General Alger's eloquent eulogy, which he closed almost in tears, the band played "The Flag," after which the proceedings closed. The veteran Generals and Grand Army comrades in attendance then held an informal and fraternal gathering on the stage.

COLUMBUS, Ind., Sept. 20.—The reunion of surviving veterans of the Twenty-second, Thirty-third, Fifty-second, Sixty-seventh, Eighty-second, Ninty-third, One Hundred and Twentieth, One Hundred and Forty-fifth Indiana Volunteers, Tenth Indiana Cavalry and Second Indiana Battery commenced here yesterday and will continue three days. There is a large attendance. The address of welcome was made by Mayor Spencer. A grand campfire was held last night.

QUINCY, Ill., Sept. 20.—The annual reunion of the Tenth and Sixteenth regiments of Illinois Infantry commenced in this city yesterday and will continue two days. About 150 survivors of the two regiments are here, coming from all parts of the country. Both regiments were recruited from this city in 1861, and many of the veterans have not been in Quincy since then. No business of importance was transacted.

INDIANAPOLIS, Ind., Sept. 20.—The survivors of five Indiana regiments—the Second, Seventh and Ninth Cavalry and the Thirteenth and Twenty-sixth Volunteer Infantry—gathered in this city to hold their annual reunion. They met separately, recalled reminiscences of war days, adopted memorials for comrades who had died during the year, elected new officers and called upon General Harrison.

JOHN IS VERY SICK.

The Pugilist Sullivan in a Precarious Condition—His Relatives Called to His Bedside.

BOSTON, Sept. 20.—Startling rumors as to the condition of John L. Sullivan are afloat here. It is stated that his disease has taken a turn for the worse, and that he is now in a critical condition. His mother and Father Hogarty, of Boston, have been sent for to go to Crescent Beach at once.

A reporter called at the residence of John L. Sullivan, and was there informed that Sullivan's condition was not at present of a particularly alarming nature. It is true that Sullivan's mother and Father Hogarty had been sent for, but it was stated at the house that no immediate danger was apprehended.

It was rumored last night that John L. Sullivan had died suddenly, but investigation shows that he is still alive, though in a very serious condition. The trouble is with his stomach, and there is no telling how it may result.

A FATAL WRECK.

Three Persons Killed in a Collision Between C., B. & Q. Trains Near Galesburg, Ill.

PEORIA, Ill., Sept. 20.—The *Evening Journal's* Galesburg (Ill.) special says: At 12:45 this morning occurred a disastrous rear end collision on the Chicago branch of the C., B. & Q. road near here. The first train from Chicago was run into by the second train from Streator. The engineer, Case, of the second train was killed, as were also two tramps who were in a train on another track, that caught fire from the wreck. Six freight cars were badly wrecked. The blame is attached to the engineer of the Streator train, who died at his post.

THE BILL HELD BACK.

A String Seems to Be Attached to the Anti-Chinese Measure.

NOT ALLOWED TO GO TO THE PRESIDENT.

Tariff Talk in the Senate—No Quorum in the House—The Inter-State Commerce Commission Renders an Important Decision.

THE CHINESE BILL.

WASHINGTON, Sept. 20.—The Chinese bill was in possession of the Senate Committee on Enrolled Bills when the order of Senator Edmunds was reported in the Senate, and Chairman Bowen, of that committee, held that under the rules he was compelled to send the bill to the House. Chairman Kilgore, of the House Committee on Enrolled bills, whose duty it is to carry the bill to the President, decided, however, to hold it back as an act of courtesy to the Senate to give an opportunity for action on the order reported by Senator Edmunds.

SENATE.

WASHINGTON, Sept. 20.—The features in the Senate proceeding were the effort to withhold the Chinese Exclusion bill and the appropriation in aid of the yellow fever sufferers. Senator Edmunds (Vt.) from the Committee on Foreign Relations reported an order directing the President of the Senate to withhold the transmission to the House of the Chinese Exclusion bill until the further direction of the Senate. He asked its immediate consideration, but Senator Teller (Col.) objected and the order went over. Senator Vest (Mo.) asked the presiding officer what the effect of non-action would be, but got no response.

Senator Edmunds offered a joint resolution appropriating $100,000 to be expended under the direction of the President in the relief of the yellow fever sufferers. He stated that the appropriation made was for the purpose of restraining and quarantining the disease and could not be used for relief purposes. He thought that while the citizens of the United States were contributing from their private means for this purpose the whole people ought to contribute from the Treasury in aid, not only of the sick and suffering, but also of those who have left their homes and are in such dire distress. The Florida Legislature could not meet and provide for the emergency, and he suggested that it was a good use to put some of the Treasury surplus to. After brief remarks by Senators Brown, Call and Pasco, the resolution was passed.

At the request of Senator Morgan (Ala.), Senator Sherman's (O.) resolution as to Canadian affairs was postponed until today.

Senator Jones (Ark.) addressed the Senate yesterday on the motion to refer the President's annual message and discussed from the Democratic standpoint the questions of the surplus and of the protective tariff, which he declared to be "a system of naked robbery."

Senator Stewart (Nev.) replied, expressing views directly the opposite to those put forward by Senator Jones, and declaring that the existing stagnation and depression of prices did not result from the tariff, but from the demonetization of silver. He urged that the South needed protection more than the North, and contended that there could be no free trade for the United States with any foreign country. On the contrary, every nation maintained high protective tariffs against the United States, and Great Britain and her colonies legislated specially to protect their own industries, not only by tariffs but by export duties and subsidies to her merchant marine, and since the United States had removed discriminating duties in favor of American ships foreign countries had adopted a system of subsidies which made it impossible for American vessels to engage in foreign trade.

The Senate passed the following bills: Appropriating $750,000 for a post-office building at St. Paul, Minn., and $75,000 for a public building at Kalamazoo, Mich.; to forfeit lands granted to the State of Michigan to aid in the construction of a railroad from Marquette to Ontonagon; to amend the River and Harbor Appropriation bill of 1884 in relation to the use of the St. Mary's Falls and other canals; granting to the Duluth & Winnipeg railroad right of way through the Fond du Lac Indian reservation, Minnesota.

HOUSE.

WASHINGTON, Sept. 20.—The time of the House was entirely taken up in discussing the library building clause of the conference report on the Sundry Civil appropriation bill, which began immediately after the reading of the journal. Mr. Jackson (Pa.) thought that none of the Government buildings were large enough for the requirements of the Government. The library building was needed, and it should be commensurate with the grandeur of the Nation. Mr. White (Ind.) favored the adoption of the conference report, and Messrs. Holman (Ind.) and Adams (Ill.) opposed it, the latter stating that he was willing to vote $10,000,000 for the library building. Mr. Rogers (Ark.) said the construction of the building was not the real question, which was the real cost. Mr. Farquhar (N. Y.) denied that any member of the Forty-ninth Congress had been deceived as to the cost of the building, and read from Mr. Reagan (Tex.) to the effect that the estimates ranged from $2,000,000 to $18,000,000. He said that Mr. McMillin had declared that no one knew what the building would cost. The vote on agreeing to the conference report resulted, yeas 68, nays 77, no quorum, and the House at 2:25 adjourned.

AN IMPORTANT DECISION.

WASHINGTON, Sept. 20.—The Inter-State Commerce Commission has filed an elaborate opinion in the matter of the Chicago, St. Paul & Kansas City Railroad Company. The commission was notified in June last that, owing to the action of competing lines covering rates between Chicago, St. Paul and Minneapolis, it had been obliged to reduce its own rates between those points below the rates which it could afford to accept to intermediate points, so that upon its line there would be greater charges made upon the shorter haul than upon the longer in the same direction, and it stated that if complaint should be made of this it would undertake to justify the action under the law. After a full hearing of the case the commission finds that the greater charges made by the Chicago, St. Paul & Kansas City Railroad Company to intermediate stations are illegal, and an order will be entered that the company cease from making such charges. Incidentally the commission says that it does not understand how the Burlington & Northwestern, while insisting that its rates from Chicago to St. Paul are remunerative, can justify charging the same rates for one-third the distance.

LITTLE SIGN OF ADJOURNMENT.

WASHINGTON, Sept. 20.—In commenting on the action of the Democratic caucus Tuesday night the *Evening Star* says that the only prospect of an early adjournment depends upon a backdown by the Republican Senators on the Tariff bill. If they adhere to their purpose to report a bill it seems clear that the Democrats are not willing to take any step calculated to interfere. The general opinion at the capital is that the session will probably run along to well in October, anyhow.

THE RETALIATION BILL.

WASHINGTON, Sept. 20.—The Retaliation bill was considered briefly by the Senate Committee on Foreign Relations, and was referred to a sub-committee, consisting of Senators Sherman, Evarts and Morgan. It is considered probable that no immediate action will be taken on the measure.

GOOD FOR THE SETTLERS.

WASHINGTON, Sept. 20.—The Marquette, Houghton & Ontonagan railway has notified the General Land Office of its withdrawal of all claims to land grants fronting on unconstructed parts of its line. Settlers will now be able to perfect their titles without litigation.

MANY PASSENGERS INJURED.

Serious Smash-Up on the Burlington Road Near Winona, Minn.—Names of Victims.

WINONA, Minn., Sept. 20.—The passenger train on the Burlington road, which left St. Paul Wednesday morning for Chicago, was run into by a gravel train at the crossing of the Chicago & Northwestern, opposite this city, yesterday afternoon. The Northwestern engine struck the front of the sleeping car, throwing it on its side. The coach just in front rolled down a bank fifteen feet high, landing right side up in about four feet of water. A traveling man, whose name can not be ascertained, and Mrs. Johanna Ewe, of La Crosse, were seriously injured. The latter was brought to this city. Her recovery is doubtful. The list of injured is as follows:

Rev. Prof. N. T. Hesselquist, D. D., president of Augustana College, Rock Island, bruises and contusions; Rev. L. A. Johnston, Rockford, bruised on hip and back; Mrs. Sarah Hobbs, Potosi, both arms hurt, but no bones broken; W. H. Shaw, wife and three children, Trevino, Wis., Mrs. Shaw painfully bruised, her head and face cut and leg broken by fire grenades; Miss Grace Bartlett, Leroy, N. Y., injuries not serious; Mrs. C. J. Haxham, Aurora, contused and bruised, not serious; Louis Hormell, Oregon, Ill., and his daughter, M. C. Hormell, severe bruises; Mike Crowley, Kingsbury, Ia., cut on the head and bruised on body; Alice Woodbury and Marion Parker, Minneapolis, slight bruises; Taylor Kelly, Chillicothe, Mo., hurt on head.

FOR CONGRESS.

Political Parties in Many Districts Name Candidates.

Wednesday's Congressional conventions brought forth the following batch of candidates: Twelfth Massachusetts district, Francis W. Rockwell (Rep.) renominated; Second South Carolina district, George D. Tillman (Dem.), renominated on the 500th ballot; Twentieth Pennsylvania district, Thomas H. Greevy (Dem.); the Republicans of Philadelphia renominated Congressman Henry M. Bingham in the First district, Charles O'Neil in the Second, William D. Kelley in the Fourth, and Alfred C. Hamer in the Fifth; no nominations made in Randall's district, the Third; First New Jersey district, William Brindle (Dem.); Second New Jersey district, James Buchanan (Rep.) renominated; Tenth Michigan district, Frank W. Wheeler (Rep.); Tenth Ohio district, William E. Haynes (Dem.); Sixteenth Pennsylvania district, Rev. Charles T. Steck (Dem.); First Iowa district, John H. Gear (Rep.) renominated; Eleventh Michigan district, John Power (Dem.); Fifth Illinois district, Rev. J. M. Strong (Pro.); Arizona Territory, Thomas F. Wilson (Rep.).

DROPPED FIVE STORIES.

Several Persons Badly Hurt by a Falling Elevator in San Francisco.

SAN FRANCISCO, Sept. 20.—An elevator cage in the Bancroft building, containing ten passengers, dropped five stories at noon Wednesday. A. Alexander, of Oakland, had a thigh fractured, ribs broken, and is suffering from hemorrhage of the lungs. He can not recover. The elevator boy, William Umfred, had his back broken, and his injuries are thought to be fatal. Reber Critcher, whose legs were broken, is also in a dangerous condition. Several others were severely injured but will recover. The cable parted in the basement, where the wire goes over a wheel. Bancroft, the historian, owns the building.

He Was a Defaulter.

NEW ORLEANS, Sept. 20.—A report is current here to the effect that the late United States Marshal R. B. Pleasants was a defaulter to the amount of $53,000. General W. J. Behan, one of the late marshal's bondsmen, stated that a deficiency existed, but that it was not as large as had been rumored, and whatever it was, as soon as ascertained, General Meyer and himself, as bondsmen, would make it good.

It Costs Too Much.

NEW YORK, Sept. 20.—Congressman Bourke Cochran stated to a United Press reporter that he would not stand for Congress again. "It's too expensive," said the renowned orator, "and as I am not a wealthy man I can not afford it. I depend entirely on my law practice for a living, and as it is steadily increasing it will take up most of my time. I certainly am not a candidate for re-election."

High Masonic Officers Elected.

BOSTON, Sept. 20.—The supreme council, Scottish-Rite Masons, has elected these officers: Henry L. Palmer, of Milwaukee, Sovereign Grand Commander; Charles L. Woodbury, of Boston, Past Grand Lieutenant-Commander, and General Samuel C. Lawrence, of Boston, Grand Minister of State. Deputies for each State in the jurisdiction were also elected.

Disaster at a Ferry.

QUEBEC, Can., Sept. 20.—Mr. Perreault and his son, farmers, of St. Anne; Mr. Boisvert, a miller, in Rosseau's mills, with Mr. Morrin, the station-agent at St. Anne de la Perade, and Mr. Goodin, of the same place, were drowned Monday night while crossing in a boat from St. Jean d'Eschaillons to St. Anne.

Two Men Killed by an Explosion.

BALTIMORE, Md., Sept. 20.—A Buckhannon (W. Va.) special says: "The boiler of F. W. Brown's saw-mill at Point Mountain exploded, killing William Brown, manager of the mill and a son of the owner, and William Knabenshue, a mill hand. The latter was blown sixty feet."

An Aged Couple Robbed.

LIGONIER, Pa., Sept. 20.—Late Tuesday evening two masked men forced an entrance into the residence of Isaac Hariger and wife, a very aged couple resided five miles from here. The robbers at the point of a revolver forced the old folks to give up $1,000 in gold which was in the house.

Grover Will Go to Michigan.

WASHINGTON, Sept. 20.—It is understood here that the President will not await the adjournment of Congress before taking his vacation, but will visit Michigan the fore part of next month. He will be accompanied by Mrs. Cleveland, and goes to visit some of her relatives.

A Banquet to Depew.

NEW YORK, Sept. 20.—Chauncey M. Depew was tendered a reception and banquet last night by the Union League Club, of which he is president. Mr. Depew, in a speech, declared that the prosperity of America was due to the tariff. He declared that the negroes did not have freedom of voting and advocated better provision for their education. General Sherman made a brief non-partisan speech. Hon. L. P. Morton was present but did not speak.

Want Canada Annexed.

NEW YORK, Sept. 20.—Sixty-seven veteran officers of O'Meagher's Irish Brigade celebrated the anniversary of the battle of Antietam on Monday night by a dinner at Roger's Chop-House in Park place. Major Haverty, of the Sixty-ninth Regiment, presided. Amid great enthusiasm the veterans adopted a resolution pledging their lives and sacred honor to secure the annexation of Canada in order to sweep from America the last vestige of the British flag.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark. says: "Was down with abscess of lungs, and friends and physicians pronounced me an incurable consumptive. Began to take Dr. King's New Discovery for consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jessie Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for consumption I would have died of lung troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at F. Sherer & Co's. drug store.

A Hint to Puny People.

From their arrival on this planet to their usually early departure from it, people of weak constitutions and angular physiques pass a sort of half-existence. Like dormice they burrow in their home retreats, afraid of cold, constantly afraid that the shadow of the dread reaper will materialize and exact the forfeit which he demands from all sooner or later. No finer medicinal assurance of comparative vigor for the feeble exists than that afforded by Hostetter's Stomach Bitters. Use with persistence—not with spurts and spasms—this genial and professionally commended tonic will do much toward infusing strength into a puny system, and rounding off scrawny angles in the human figure. Appetite, nerve tranquility and nightly repose are encouraged by it, and a malarial, rheumatic, bilious tendency overcome. It re-establishes digestion and prevents kidney troubles.

There are Two Distinguishing Characteristics

Which, more than anything else, have contributed to the phenomenal growth of The Chicago Daily News, giving it a circulation larger than that of all other Chicago dailies combined. It seems strange that the first practical, combined application of two such common sense principles in journalism should have been left to a paper as yet only twelve years old. And yet true it is that in this fact lies the real secret of the unparalleled success of The Chicago Daily News. Briefly stated these principles are:

First. THE DAILY NEWS
Is a daily paper for busy people.

Of all mankind the people of Chicago and the busy northwest are the busiest. And yet perhaps no equal number of people are to be found who appreciate so keenly the necessity of an intelligent knowledge of the world's daily doings. They recognize that they, more than anyone else, are the world's providers in many of the most important necessaries of life. How important, then, that they should have their daily intelligence of every event, the world over, which by any possibility can affect their diversified commercial holdings. And in all the higher interests of life where can be found a like number of people more keenly appreciative of all that contributes to progress in art, literature, science, religion, politics, and the thousand and one things which make up modern civilization.

And yet, strange to say, right here in this great, busy northwest, in its busy metropolis Chicago, there has taken place the creation and development of that most cumbrous, unserviceable, time-destroying thing, the "blanket-sheet" newspaper. With the blindness of very fatuity this monstrosity of journalism, this breeder of mental dyspepsia, has steadfastly imposed its mountain of unthreshed straw to the demand of the people for the winnowed grain of fact. It was out of the very incongruousness of such a condition of things that THE DAILY NEWS had its birth. People wanted the News,—all the news—but they demanded it apart from the overpowering mass of the trivial and inconsequential. It is because THE DAILY NEWS satisfactorily meets that demand that its circulation is over "a-million-a-week."

R. M. LAWRENCE, Williamsville, Ill., says: "The 'big daily' is too much for me. Not that a person is obliged to read everything printed in the 'blanket-sheets,' but one having anything else to do doesn't have time to hunt through the long-drawn twaddle for a few grains of digestible food."

Second. THE DAILY NEWS
Is an Independent, truth-telling newspaper.

The reader can count on one hand the known newspapers whose statements in matters of politics can always be accepted as at least intentionally truthful, and commonly so in fact. On the other hand, it is the all-but-universal rule to praise one's party and candidate to the skies, and to cry down the opposition party and its candidate to the verge of the disreputable. So common have such silly and reprehensible methods in journalism become that they pass unnoticed, and are accepted as a matter of course—as an evil inseparable from practical politics. But this is only another mistake of the thoughtless. The American people are intelligent enough, thoughtful enough, fair enough to appreciate and endorse honest, truth-telling journalism—in truth to prefer it to the misleading, the truth-discoloring dishonesty of the "organ."

The demand is more and more for the fair, impartial, independent newspaper which give the reader *all the news*, and gives it absolutely free from the taint of partisan bias. This done, an expression of opinion, *based upon facts*, will commend itself to the thoughtful reader even when he may not find himself in agreement with the conclusions deduced from the premises. Disagreements are of small moment if only confidence in honesty of purpose remains. With no mere political ambition to gratify, no "ax to grind," the impartial and independent newspaper may truly be "guide, philosopher and friend" to honest men holding every shade of political faith. And this is why THE DAILY NEWS has to-day a circulation of over "a-million-a-week."

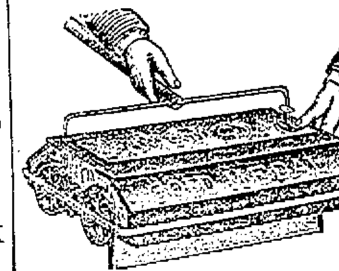

M. WYCANT, Sibley, Iowa, writes: "I am well pleased with THE DAILY NEWS, although I am a 'bred-in-the-bone' Republican with a *carpet bag experience* in the South ending in 1872. The extreme fairness of THE DAILY NEWS, giving credit where due regardless of party, meets my approval."

When to two such comprehensive elements of popularity THE DAILY NEWS now adds a third in its unparalleled price reduction to One Cent a day, it offers a combination of attractions at once unique and unapproachable by any other American newspaper, and one which will surely multiply its friends throughout the Northwest by the thousands.

The Chicago Daily News is for sale by all newsdealers at One Cent per copy, or will be mailed, postage paid, for $3.00 per year, or 25 cents per month. The farmer and mechanic can now afford as well as the merchant and professional man to have his metropolitan daily.

honestly admit that they can't cure Rheumatism and Neuralgia. Others say they can but—don't. Athlophoros says nothing but *cures*. That's the secret of its success. Years of trial have *proved* it to be a *quick, safe, sure* cure.

Concord, N. H., Sept. 3, 1887.
In my own family Athlophoros was used as a last resort, the user having suffered from rheumatism for years and having been treated for the disease by different physicians in this State and Massachusetts without even temporary relief. Upon my recommendation scores of people have used this remedy with the same results claimed for it. G. H. WILSON.

Sore From Knee to Ankle.

Skin entirely gone. Flesh a mass of Diseases. Leg diminished one third in size. Condition hopeless Cured by the Cuticura Remedies

For three years I was almost crippled with awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

TERRIBLE SUFFERING FROM SKIN DISEASES.

I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shun public places by reason of my disfiguring humors. Have had the best of physicians and spent hundreds of dollars, but got no relief until I used the Cuticura Remedies, which have cured me, and left my skin as clear and my blood as pure as a child's.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into the hands competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffing and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

Sandford's Radical Cure consists of one bottle of the Radical Cure, one box of Catharral Solvent, and Improved Inhaler; price $1.

DEATH'S AGENT.

Yellow Fever Doing Its Work Well in Southern Cities.

NO ABATEMENT OF THE PLAGUE.

The Record at Jacksonville—Gainesville Almost Depopulated—A Death at Louisville—Senators Appropriate $100,000 for the Sufferers.

VICTIMS OF THE PEST.

JACKSONVILLE, Fla., Sept. 20.—In spite of the bright and lovely weather the pestilence does not abate. For the twenty-four hours ending at 6 p. m. yesterday there were 130 new cases of yellow fever and 14 deaths. Total cases to date, 1,333; total deaths, 170.

A very large proportion of the 130 new cases are among the colored people in the suburbs. Efforts will be made to get this class of residents to take advantage of the camps of refuge being opened, but they dislike to leave the city. Rations will probably be withheld from able-bodied persons to force them to go to the camps, where they will be fed. Mr. M. R. Bowden, recent city editor of the *Times-Union*, died of yellow fever last night. He leaves a wife and five children. His whole family has had the fever, Mrs. Bowden being still sick.

Reports from Gainesville state that there are no new cases. Rev. Mr. Snowden, of the Episcopal church at McClenny, died yesterday. The others sick there are doing well; five new cases are reported. Telegraph operator Sweeney, of the Western Union office, was taken sick last night. He is a native of Merristown, Vt., and came here as a volunteer from Galveston since the epidemic began.

The excitement created throughout the State by the discovery of fever at Gainesville continues unabated. The place is almost deserted. The people began to move as soon as the news was known. The railroad men have all left and all trains are practically suspended. People dropped every thing in their flight, closed their stores, locked up their houses and fled wildly. There is hardly a business of any kind remaining there. It is said from private advices that there are not 100 people left there. Provisions, nurses and funds will be sent from here if needed by them. Other towns whose militiamen went to Fernandina are greatly excited over the Gainsville outbreak and many of the military boys are now doing service in quarantine.

WASHINGTON, Sept. 20.—The Senate yesterday passed a joint resolution appropriating $100,000 to be expended under the direction of the President in the relief of the suffering caused by yellow fever now prevailing in the State of Florida, and asked for its immediate consideration. Mr. Edmunds, who offered the resolution, explained that the object was to aid not only the sick but those who have left their homes.

DES MOINES, Ia., Sept. 20.—Grand Master Workman W. R. Graham of the Ancient Order of United Workmen of Iowa has issued a circular to the lodges of the State soliciting aid for the yellow fever sufferers of the South, and directing that contributions be forwarded to him at Des Moines.

NEW ORLEANS, Sept. 20.—A Jacksonville special says Gainesville is deserted. People fled wildly at the first appearance of the fever. Hardly a business place is open. Railroad men fled, too, and trains are practically suspended. There seems to be no doubt that Fernandina has yellow fever. The cases were at first reported as dengue, and a number of deaths were kept concealed. The sudden death of the postmaster a week ago, which caused much comment at the time, is attributed to yellow fever.

LOUISVILLE, Ky., Sept. 20.—Moses Nowberry, a Polish Jew, who arrived in this city on Tuesday last from Decatur, Ala., with his wife, child and sister-in-law, died yesterday afternoon in a tenement at Jefferson and Eighth streets from yellow fever. The physician who first saw the case on Monday suspected it to be yellow fever, and the black vomit which developed yesterday, confirmed the diagnosis. Health Officer Galt states that the other members of the refugee family have been isolated, but refuses to state their location. It is known, however, that they did not go to the pest house, and fears are entertained that they are not in custody of the health officer.

MICHIGAN'S GOLD MINES.

Eight Thousand Dollars in Eight Hundred Pounds of Rock.

ISHPEMING, Mich., Sept. 20.—Eight hundred pounds of quartz, carrying $8,000 in gold, was dislodged by a single blast at the Michigan mine last evening. The shaft is now fourteen feet deep, and over $20,000 worth of gold has been taken from it in less than a month. The vein carrying the gold is wider and more plainly defined at the bottom than at the surface. The rich rock was at first supposed to be a pocket, but it looks now as though it is a continuous vein of wonderfully rich quartz. The Lake Superior Company is getting gold from the shaft west of the Michigan, but no one is allowed to know how much or to enter the workings of the mine. The Superior Gold and Silver Company also has rock carrying several hundred dollars a ton in free gold. All of the prospects, except the Michigan, are being worked for all there is in them. The Michigan is still in litigation, which retards the work.

Work of Iowa Cattle Thieves.

MASON CITY, Ia., Sept. 20.—Reports have been received here of wholesale cattle stealing in Winnebago County. There is an organized gang working there and their operations are bold and successful. They have already run 600 head of cattle out of the country, and have thus far escaped detection. The farmers have organized a vigilance committee to catch the thieves.

Disaster in Germany.

BERLIN, Sept. 20.—A long train bearing recruits returning from the army maneuvers at Schnitz collided with a freight train at Meppen. Four soldiers were killed and numbers wounded. Twelve of the railway cars were wrecked. The accident was due to the switches being disturbed.

Will Marry a Duke.

BALTIMORE, Md., Sept. 20.—The engagement of Miss Virginia MacTavish, of this city, the grand-daughter of Charles Carroll, of Carrollton, and General Winfield Scott, to the Duke of Norfolk, one of England's wealthiest noblemen, has been announced.

A $2,000,000 Blaze.

LONDON, Sept. 20.—A dispatch from Brisbane, Queensland, says two warehouses in Eagle street (Brown's and Barker's) were destroyed by fire. The loss is placed at $2,000,000.

Death of Mrs. Susan Bookwalter.

SPRINGFIELD, O., Sept. 20.—Mrs. Susan Bookwalter, aged 82, mother of Hon. John W. Bookwalter, died here yesterday. She was one of the pioneer women of Ohio.

MILTON.

—On the 11th inst. the McEwen family and a number of their old-time friends met at the residence of William McEwen to celebrate the fiftieth anniversary of their arrival in Milton. Their brother Peter, who proceded them more than a year, and was one of the first settlers in the vicinity, passed to his rest several years since. There were present all that remain of the old members of the family, viz. Mrs. Murray, of Milwaukee, and Mrs. C. Home, William and James McEwen of this place. Several of the junior members of the family were also present. After a bountiful repast Rev. Wm. Walker, James Pierce and others gave some reminiscenses of the "early days". The average age of the guests was 71 years, and the aggregate of their ages 1414 years.

—Milton claims the oldest Tippecanoe veteran in Rock county, in the person of Stephen Reid, who is 93 years of age.

—We are pleased to see J. C. Anderson on the street again, after a sickness of some days.

—Alf S. Dunham spent Saturday and Sunday in town.

—Milton's only mugwump, in apologizing for being on the wrong side in politics again this fall, might have been briefer and more truthful, had he only used two words—"free trade."

—Dr. M. J. Bagley moved to Whitewater last Monday, where he will continue to practice his profession. The doctor has built up a good business and made many friends since he came to Milton, we regret to have him leave us. May he prosper in his new venture.

—J. E. Davidson has taken the contract to build the new barn for Josias Auld, on Rock Prairie.

—The remains of Mrs. Elbert Fuller, who died at Duluth, Minn., on the 10th inst., arrived at the Junction last Thursday morning. The funeral services were held in the Seventh Day Baptist church of this place at 2 p. m., Rev. E. M. Dunn officiating.

—Harold Jackson had the misfortune to lose his horse last week.

—Dennis Williams has moved into the postoffice and Miles Rice will soon occupy that part of the "Aunt Polly" house vacated.

—Just after the departure of the 5:30 train last Wednesday evening, a stranger fell in a fit on the depot platform. It being noticed that he wore a Grand Army button, he was taken to the Borden house and under the care of Landlord Hull and other comrades remained until the next day when he was assisted on his homeward journey by the post. He had just been discharged from Cook county hospital in Chicago, where he had been having a run of typhoid fever and he was weak and out of money.

—Accidents have been quite frequent this week. Among the number of sufferers are George Saunders with a bad foot, the result of misdirected enery with an axe, and little Howard Saunders lost the end of his forefinger in the gearing of a feed cutter.

—The Fisk University Glee club, of Nashville, Tennessee, will give a jubilee concert at the Congregational church, Thursday evening, September 27th, in charge of the Sabbath school. Admission 25 cents, children 15 cents.

Terrible Forewarnings.

Cough in the morning, hurried or difficult breathing, raising phlegm, tightness in the chest, quickened pulse, chilliness in the evening or sweats at night, all or any of these things are the first stages of consumption. Acker's English Cough Remedy will cure these fearful symptoms, and is sold under a positive guarantee by Prentice & Evenson, druggists.

Republican Third Assembly District Convention.

The Republican Assembly District Convention for the third district of Rock County, will be held at the Court House, in the city of Janesville, on the second day of October, 1888, at 2 o'clock p. m. for the purpose of nominating a candidate for the Assembly and for the transaction of such other business as may come before the convention.

Hay Fever.

I have been afflicted with hay fever from early in August until frost. My eyes would run a stream of water and I sneezed continually. I was advised to use Ely's Cream Balm. It has worked like a charm and I can say I am entirely cured.—Mrs. Emeline Johnson, Chester, Conn.

I have been for several years a sufferer from hay fever and severe head colds. I have found nothing that can compare with Ely's Cream Balm. I would not be without it for any consideration. It is simply wonderful in its effect upon the nasal organs.—S. A. Burtt, Wilmington, N. C.

THE TIDE OF TRADE.

MEMPHIS is the greatest inland cotton market in the world, receiving from 700,000 to 1,000,000 bales yearly.

IT is estimated that 200,000 railway cars will be built in the United States this year, requiring 400,000 tons of bar iron and 600,000 tons of forged and cast iron.

WASHINGTON TERRITORY will be one of the great manufacturing corners of the country. It is predicted that it will yield more iron and coal than Pennsylvania.

ONE hundred and six million feet of lumber, valued at $8,890,000, has been shipped from Fernandina, Fla., in the current year. If strung out end to end it would make 2,000 miles, or make a plank walk as far as Denver, Col. Over 14,000 cars were required for the transportation of it.

IN sixty seconds our country makes 15 kegs of nails, 12 bales of cotton come from the fields and 36 bushels of grain go into 140 gallons of spirits, while $66 in gold is dug out of the earth. In the same time the United States Mint turns out gold and silver coin to the value of $121, and 42 acres of the public domain have been sold or given away.

A PROFITABLE market has been found for the poor, despised American red oak, that has been considered of no value at all. American dealers are buying up all they can get hold of and shipping it to Liverpool. There the lumber is manufactured into fancy furniture and shipped back to New York, where it is sold to wealthy people as the real English oak, and at pretty stiff prices, too.

THE cities of Lewiston, Biddeford and Saco are dependent almost entirely upon the prosperity of the cotton and woolen manufacturing industry. Auburn's principal industry is shoe manufacturing, and from the large number of hands thus employed the city has come to be called the "Lynn of Maine." In 1884 about 100,000 cases of boots and shoes were manufactured in that city, consuming 4,500,000 pounds of leather.

German Military Changes.

BERLIN, Sept. 20.—A large number of military changes and appointments are announced. Among them is the transfer of General Von Pape, Commandant-General and commander of the Guards at Berlin, to the command of all the troops in the province of Brandenburg. General Von Meerscheidt-Hullessem, commander of the Fifth Army Corps, at Posen, will succeed General Von Pape as commander of the Guards.

A Bolt in Virginia.

FARMVILLE, Va., Sept. 20.—The Langstoneites or anti-Mahone men bolted the Republican Fourth district Congressional convention and nominated Prof. Langstone by acclamation. The regular convention nominated Judge Arnold, whose nomination was favored by Senator Mahone.

Drowned in Lake Champlain.

PLATTSBURG, N. Y., Sept. 20.—J. R. Van Sicklen, of the wholesale grocery firm of Van Sicklen & Spalding, Burlington, Vt., and a Boston drummer named Wright were drowned in Lake Champlain near Burlington while out in a sail-boat which capsized.

An Explanation

What is this nervous trouble with which so many seem now to be afflicted. If you will remember a few years ago the word malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and are all caused by troubles that arise from a diseased condition of the Liver, which in performing its functions finding it cannot dispose of the bile through the ordinary channels is compelled to pass it off through the system, causing nervous troubles, Malaria Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

FOOTVILLE.

—Mr. and Mrs. George Letts, of Magnolia, attended service at the Disciple church last Sunday afternoon.

—Mr. and Mrs. Si. Curry left on Monday last for Washington territory, where they expect to make their future home. They leave a host of friends here who regret very much to part with them.

—The Misses Lillie and Mattie Garvey, of Orford were in town last Sunday.

—Mr. Horace Wells, who has been in poor health for a long time, died on Tuesday of last week. Deceased was one of the early settlers here, and for years resided in this village, and was at the time of his death not far from seventy years of age. He was a good citizen and an accommodating neighbor. He leaves a wife and son who reside in this place to mourn his death. The funeral took place at the family residence here on Tuesday afternoon, of last week, and was lagely attended by friends and relatives of the deceased. After the services the remains were taken to the Orfordville cemetery for interment.

—C. H. Campbell, formerly a resident of this place, but now of Brodhead, was in town last week.

—Si. Brown and wife, of Sparta, made a short visit to friends in this place the latter part of last week.

—Quite a large number of people assembled at the Disciple church last Saturday afternoon to listen to the farewell discourse of Elder Milton Wells. Mr. Wells has been a faithful and earnest worker among the people here for past seven years; has won the love and esteem of all who knew him, both in and out of the church, and it is with feelings of regret that the entire community feel called upon to part with him. The best wishes of the people accompany him to his new field of labor at Richland Center.

—Johnny Meehan is reported as being on the sick list.

—Our school began last Monday, with Miss Gleason and Miss Hawley, of Janesville, as teachers.

—There will be no services at the Disciple church next Sunday afternoon.

—Quite a number from this place expect to attend the yearly meeting at Center, which commences on Wednesday evening of this week and continues over Sunday.

—It is rumored that Miss Katie, daughter of Mr. Alex. Wiggins, our noted stock buyer, is the happy possessor of a fine new piano.

—Mr. Will Campbell talks of moving into Janesville soon.

—Mr. G. W. Snyder commenced his school in Center last Monday.

The First Symptoms of Death.

Tired feeling, dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of poisoned blood. No matter how it became poisoned it must be purified, to avoid death. Acker's English Blood Elixir has never failed to remove scrofulous and syphilitic poisons. Sold under positive guarantee by Prentice & Evenson, druggists.

EXCURSION RATES.

The Chicago & Northwestern Railway Company will sell excursion tickets for Chicago and return during the exposition as follows:

September 22d, good to return until September 24th.

September 25th, 26, good to return until October 1st.

September 29th, good to return until October 1st.

October 2d, 3d, good to return until October 8th.

October 6th, good to return until October 8th.

October 9th, 10th, good to return until October 15th.

October 13th, good to return until October 15th.

October 16th, 17th, good to return until September 22d.

October 20th, good to return until October 22d.

Fare for round trip, $3.90 including admission to exposition.

Will also sell excursion tickets for Milwaukee exposition Tuesday, Thursday and Saturday of each week, until October 20th. Fare for round trip, including admission, $2.40.

Parents Criminally Liable.

More than half of all deaths occur before six years of age. An army of innocent, lovely children are swept away each year. Parents are criminally responsible for this. The death rate of children in England is less than half of this. Acker's English Baby Soother has done more to bring this about than all other causes combined. You cannot afford to be without it. Prentice & Evenson, druggists.

Reduced Rates to Milwaukee.

For the Milwaukee Industrial Exposition, September 5th to October 20th, the Chicago & Northwestern Railway Co., will sell excursion tickets to Milwaukee and return at one fare for the round trip, with 25 cents added for admission to the Exposition; and for the Wisconsin State Fair, to be held at Milwaukee, September 17th to 21st, the Northwestern will sell excursion tickets at one fare for the round trip to Milwaukee and return, with 50 cents added for admission.

For tickets and full information relative to dates of sale, etc., apply to agents of the Chicago & Northwestern Railway Company.

Cheap Rates to Chicago.

The Chicago & Northwestern Railway Company will sell cheap excursion tickets to Chicago and return at frequent intervals during September and October on account of the Chicago Exposition, which opens September 5th, and closes October 20th.

For information regarding rates, dates on which tickets will be sold, etc., apply to agents of the Chicago & Northwestern Railway Company.

Do Not Suffer Any Longer.

Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Acker's English Cough Remedy, and will refund the money to all who buy, take it as per directions, and do not find our statement correct. Prentice & Evenson druggists.

Children get bilious unless you keep their bowels open with New Style Vinegar Bitters.

A SENSATION.

The people are getting crazy over the Moxie Nerve Food. All the nervous, weakly women are talking about it because it takes that terrible tired feeling away so quick and keeps it off on 3 cents worth of the syrup per day. It is an artificially digested nerve food only. The nerves as bad, for it breaks up the effects of dissipation and overwork in a few hours and no stimulation or reaction. It is a newly discovered process of preparing the food used by the nerves, artificially, for the purpose of giving people their full complement of nerve power, when the stomach is not able to digest it for that purpose. Overworked people take enormous quantities of it. It contains neither medicine nor alcohol.

DRUNKENNESS

Or the Liquor Habit, Positively Cured by Administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a speedy and permanent cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. IT NEVER FAILS. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For sale by FRANK SHERER, Druggist, 43 W. BRIEFLETS.

—Mrs. S. S. Judd has returned from her sketching tour in the east.

—Mr. and Mrs. N. Fredrick have returned from a visit with friends in Ohio.

—Mrs. Anson Rogers is once more at home after a summer spent among friends in the east.

—Miss Nellie Woodruff, who has been the guest of Miss Eva Nash, returned to her home in Rockford to-day.

—Don't forget A. D. Sanborn & Co. opening of their new grocery Saturday morning, 120 West Milwaukee St.

—Mrs. E. A. Behan and son Warren, who have been spending the summer visiting friends in Michigan, returned home yesterday.

—Janesville Chapter No. 5, Royal Arch Masons, assemble in regular semi-monthly convocation this evening at Masonic hall.

—Mrs. Nicholas Smith pleasantly entertained a large company of her lady friends at her home on North High street, last evening.

—C. N. Vankirks new residence, corner of Pleasant and Lincoln streets, is for sale on easy terms. Applications should be made at Vankirk Bro's grocery.

—Mrs. A. A. Phelps and little son, of Chicago, are in the city, visiting the family of Mrs. Phelps father-in-law, Mr. Spencer Phelps, Sharon street.

—Mrs. Norris returned from Minneapolis this morning and will be pleased to meet her patients at the bath rooms. Miss May Norris will remain at Minneapolis for a longer visit with relatives.

—Miss Ella DeBaun gave a reception to a large number of her lady friends at her home on North Jackson street yesterday afternoon. It was a pleasant and truly enjoyable affair.

—Mrs. M. M. Shaw will begin her class in German on Thursday evening. Those desiring to form an afternoon class can call on Mrs. Shaw, at Miss Benedict's music rooms.

—"No," said a venerable Rock county farmer; "this ain't a Cleveland hat I've got on, and it aint a Harrison hat. It's a wigwamp hat. I belong to the George William Curtis crowd this year, and I am a wigwamp clear through."

—The funeral of the late Peter La Pointe was held from St. Patrick's church at nine o'clock this morning, the Rev. Father McGinnity conducting the services. There was a large number of family friends present. At the conclusion of the services the remains were taken to Mt. Olivet cemetery for interment.

—Harvest Home services will be held in Trinity church Sunday next, September 23d, at the morning service. The fruits and vegetables that are sent in to beautify the church will be sent afterwards to St. John's Church Home, Milwaukee,—a home devoted to the care of poor old ladies. The offering in the morning will be for the same purpose.

—Most of the city of Beloit visited Janesville last night. They came in carryalls and claimed to be in search of a square meal. As Postmaster Babbitt, who led the party, piloted them directly for the Myers house, it is safe to infer that their "long felt want" was filled. The party returned to Beloit by moonlight, leaving Janesville about ten o'clock.

—Saturday, September 22nd, A. D. Sanborn & Co. open their new grocery at 120 West Milwaukee street, with as complete a stock as there is to be found in the city. Their stock is all new, and bought for cash from first hand, thereby enabling them to give very low prices, and the best of goods. They are old grocery men, having a large circle of acquaintances and friends. We therefore bespeak them a large trade.

—One humorous young man tried to stand on the tail board of a farm wagon this morning and jerk a corner off the Prohibition flag that hangs over Milwaukee street. He caught the flag but just then his team started up and the wagon went out from under him. Small boys were in doubt as to which they enjoyed most—the three summersaults he turned in the air or the thud with which be struck.

—Seldom has a company of young people been more pleasantly entertained than was that at the home of Miss Della S. Hanchett last evening. Between fifty and sixty were present, the spacious parlors being well-filled. Most of the evening was devoted to progressive euchre. When the game ended first honors among the gentlemen had been won by M. G. Jeffris, Harry Sloan and Henry O. Smith; while the ladies prizes went to Misses Jessie Jackman, Maud McKinney and Fanny Vankirk.

—The remains of the late Mrs. Mary McDermot, of the town of Janesville, were brought to the city this morning and taken to St. Mary's church, from which place the funeral was held at nine o'clock. There was a large attendance of family friends and neighbors who had long held the deceased in high esteem. The services at the church were conducted by the Rev. Father Roche, at the conclusion of which the remains were taken to Mt. Olivet cemetery and laid at rest.

—Mr. A. M. Valentine, who is now wailing for free trade, would hardly be recognized as the man that cried so loudly two years ago for an increase in the tariff, But he is the same man, nevertheless. Then he was raising tobacco and free foreign competition took money out of *his* pockets. Now he is out of the tobacco business and the pockets affected by free trade would be other people's. Rock county farmers, who remember his speeches as secretary of the Wisconsin Tobacco Growers association, are therefore inclined to look upon his change of heart with no small degree of amusement.

—E. D. Rockwood, the popular hotel man, has received a patent on a nose-band for horses that promises to be of great value. His device consists of an elastic strap passing from one bit ring to the other, over the animal's nose. With it, tender-mouthed horses can be driven without recourse to the bit except as a last resort in case the animal becomes unruly. The need of a third rein is done away with. The patent is owned by Mr. Rockwood and Dell Ferguson, the well-known horseman of Kaukauna. It is being carefully tested and will soon be put on the market.

—The peculiar interpretation of Christ's teaching made by Count Tolstoi and his example in renouncing his former military, social and literary habits of life for the life of a Russian peasant, have made as deep an impression on the thought of the time as his great novels: Is this the proper interpretation of Christ's teaching and is the christian world in error? Canon Farrar has answered this inquiry in a review of Tolstoi's writings and religious faith and manner of life in an essay, which has both a literary and a deep religious interest. It has been procured by the Forum and will appear in the number for October.

"SIMPLY A RUMOR."

Reports of an Accident on the Northwestern Road.

Rumors of a terrible accident on the Wisconsin division of the Northwestern road were brought to the city from Milwaukee this afternoon. It was reported that an excursion train had been derailed, and many passengers badly hurt.

At the Northwestern depot nothing concerning the origin of the report could be learned. No dispatches concerning it had been received, and the general impression was that some one had simply made a mistake, as to date of the Winona disaster last night.

Dr. Henry Palmer, the company's surgeon, was seen about two o'clock, but had heard nothing in regard to the accident. Railroad men pronounce the story to be without foundation.

SAY HE KILLED HIMSELF.

Story of the Defendants in the Jefferson Murder Case.

In the Steinhauser murder case at Jefferson, the state rested yesterday. Judge Bennett is now hearing testimony for the defense.

The defense has assumed that Rohrmoser, the hired man, knows nothing of the shooting, and that Steinhauser was killed by the discharge of a revolver in his own hands while scuffling with his wife in attempting to shoot her. The defense introduced a witness to prove that Steinhauser was a man of violent temper and brutal disposition, and that he had many times threatened to kill his wife. Both defendants will take the stand.

It is expected that the case will be given to the jury on Saturday.

COURT NOTES.

Edward Moran, "the poet of the bounding Rock, was defendant in Judge Patterson's court, this afternoon. His father, who owns a small house near town, was endeavoring to make Edward and his wife pay rent for the house or else leave.

This morning Samuel Crouch was brought from Monroe to appear before Judge Patterson on a charge of desertion.

It appeared, however, that Mr. Crouch had never been a resident of Rock county, and that his wife had come from Monroe to this city without him. Judge Patterson dismissed the case for lack of jurisdiction.

HE CAUGHT THE IDEA.

The small kid came up to his mother, about 7 o'clock:

"Please, ma, may I go out to-night?"

"No."

"But I have an important engagement."

"Oh, you have. What is it?"

"I have to go to my club."

"What club?"

"What club?"

"My democratic club."

"What do you do at your club?"

"Oh, we do like pa and his club. We swear at the republicans."—*San Francisco Republican.*

THE CITY GOVERNMENT.

Consideration of an Ordinance for the Protection of the Water Works

Cars Must Not Remain on Streets for More than Five Minutes Under Penalty.

The Flagmen at Street Crossings to be Enforced—The Special Election.

Other Important Business Considered at Last Evening's Special Council Meeting.

His Honor, Mayor Winans, presided at the special meeting of the common council last evening, at which all the aldermen were present except Aldermen Conrad and McLean.

The journal of the last meeting was read and approved.

Clerk Fenton presented a miscellaneous batch of bills against the various funds. Referred to the finance committee.

The petition of E. C. Burdick, asking permission to erect a wooden building on Dodge street, within the fire limits, was referred to the committee on fire and water.

The petition of Joseph Bleasdale, asking permission to erect an out building in the rear of his West Milwaukee street property, was referred to the fire and water committee.

The resignation of W. D. McKey as a director of the public library, was received and placed on file.

Clerk Fenton stated that he had received a quit-claim deed, signed by F. N. Webster and wife, transferring to the city a strip of land four rods wide, at the foot of Park street, south of Western avenue, fourth ward. On motion of Ald. Norris the same was referred to the judiciary committee, with instructions to report at the next meeting.

Mayor Winans appointed Ed. Smith and P. McGinley special police for Saturday nights and Sundays for the three months ending December 31. On motion of Ald. Horn the appointments were confirmed.

Clerk Fenton presented the poll books and returns of the special election held on Tuesday, September 18th, to decide the amount of license fee in this city. Referred to judiciary committee.

On motion of Ald. Fathers the council took a ten-minutes recess to allow the judiciary committee an opportunity to examine and canvass the returns.

The committee having concluded the canvass, the council was called to order, and Ald. Smith, of the judiciary committee, reported that the returns had been duly canvassed: that the whole number of votes cast on the question of license fees was 1,413; majority for $200 license was 381. On motion of Ald. Horn the report was adopted and placed on file.

Ald. Baker, of the finance committee, reported back the August report of the city treasurer as correct. Placed on file.

Ald. Baker, of same committee, reported in favor of allowing a batch of miscellaneous bills against the several funds aggregating as follows:—

General fund	$ 151 10
Fire and water fund	46 57
Highway, street and bridge fund	1 50
Electric Light	338 23
First ward fund	6 25
Second ward fund	117 45
Third ward fund	58 70
Fourth ward fund	33 70
Fifth ward fund	61 13
Total	$2,812 73

The report was concurred in.

Ald. Fathers, an order instructing the gas company to erect lamp posts on Milton avenue at the corners of Hyatt and Walker streets, and St. Mary's avenue. Adopted.

Ald. Horn, of the highway, street and bridge committee, stated that he had been unable to get the committee together to take action on the removal of the telegraph, telephone and electric light wires from the business streets. He had spoken to Capt. Pliny Norcross about the electric light wires, and he had asked the committee to wait until he could confer with the telephone company in Milwaukee and they could send some one here to confer with the committee. He would ask further time to report. Time was granted.

Ald. Smith introduced the following ordinance:

AN ORDINANCE to protect the water works from injury or molestation.

The Mayor and Common Council of the City of Janesville do ordain as follows:

SECTION 1. All hydrants upon the streets and alleys of the city of Janesville, ordered placed there by the common council, shall be deemed public hydrants. No person nor persons other than the authorized officers of the city and members of the fire department of said city, and for the uses and purposes of the fire department and other lawful uses only, except as provided for in ordinance ——, shall open any of said fire hydrants, or attempt to draw water from the same, or in any manner unnecessarily obstruct free access thereto by placing any building materials, rubbish or hindrance whatever in front of or about any fire hydrant, gate or stop cock connected with the water pipes, or in putting dirt, stones, or other material, or obstruction in the same, and whosoever shall violate this section shall pay a fine of not less than ten dollars nor more than fifty dollars.

SECTION 2. Any person or persons who shall throw into, pour into or upon, or in any manner whatever cause any substance or thing to be placed in, or upon the water of the reservoir or stand pipe shall be subject to a fine of not less than five dollars nor more than fifty dollars.

SECTION 3. Any person or persons who shall in any manner injure or impare the efficiency of the reservoir or stand pipe as sources of water supply, or shall deface the same shall pay a fine of not less than five nor more than fifty dollars.

SECTION 4. Any person or persons who shall tap any of the mains or other water pipes, or insert any ferrules, or stop cocks therein, or shall dig up or unnecessarily molest the same, or shall wrongfully interfere with any meter or indicator, or who shall wrongfully turn off or on, or attempt to turn off or on any stop cock or gate connected with the water mains or pipes located in any street, alley, or sidewalk in the said city, without having first obtained permission of the Janesville Water Company, shall be subject to a fine of not less than ten dollars nor more than fifty dollars.

Section 5. Any person who shall wrongfully take any attachments or connections, or wrongfully interfere in any way whatever with the pipes of the Janesville Water Company without having first obtained a permit from the same for the doing of said work, shall be subject to a fine of not less than ten dollars nor more than fifty dollars.

SECTION 6. Any person who shall in any way use or take water from the mains or pipes of the Janesville Water Company in any of the streets and alleys of said city for private use, or who shall sell, or make a practice of giving away water for any object or purpose without having first obtained a permit from the water company aforesaid, shall be subject to a fine of not less than one dollar nor more than fifty dollars.

SECTION 7. This ordinance shall take effect and be in force from and after its passage and publication.

The ordinance was read the first and second times, and on motion was referred to the committee on fire and water.

Ald. Casey introduced the following ordinance:

AN ORDINANCE to amend an ordinance entitled "An Ordinance in relation to horses, vehicle and railroad cars standing in streets"

The Mayor and Common Council of the City of Janesville do ordain as follows:

SECTION 1. Section 3, of an ordinance entitled "an ordinance in relation to horses, vehicles and railroad cars standing in streets" is hereby amended by striking out the word "ten" and inserting in lieu thereof the word "five," so that said section when amended shall read as follows: "Section 3. No railroad corporation or person in charge of any locomotive engine, railroad-car or train, shall allow any such engine, car or train to stand in or upon any street or highway, sidewalk or crosswalk, or any part thereof, in the city of Janesville at any time, for more than five consecutive minutes.

SECTION 2. This ordinance shall take effect and be in force from and after its passage and publication.

The ordinance was read the first and second times, and on motion of Ald. Smith the rules were suspended, the ordinance read the third time and passed by a unanimous vote.

Ald. Baker, an order for the payment of several bills from the West Milwaukee street pavement fund. The bills amounting in the aggregate, to $1,825.

Mayor Winans remarked that the bills should not be paid in full until all of the property owners had paied their assessments, as in case of the failure of any to comply with the demand the balance would have to stand the full amount of the bills. Some suits had been threatened, and for fear the city would got into litigation he would suggest that the bills be laid over for the present.

Ald. Baker withdrew his order.

Ald. Baker, an order instructing the city clerk to draw an order in favor of the P. Fitzgerald estate payable from the general fund, for $5.62, being a rebate on tax owing to error in assessment.

On being informed that the assessors had reported this assessment as an error or an excessive assessment, Mayor Winans stated that such complaints should be presented to the board of review for adjustment. The council could not correct the assessment roll in this manner. The assessors must have been negligent in their duties.

Ald. Baker remarked that he would withdraw the order, although he had another of the same kind to present.

Ald. Baker, providing for the payment of the inspectors and clerks of the special election, and office rent in the third fourth and fifth wards. Adopted.

Ald. Horn, for a plank side-walk at the intersection of High and Galena streets. Adopted.

Ald. Hanthorn, for a tile culvert across Wisconsin street on north side of Milwaukee street; also for the repair of the present cross-walk at that point. Adopted.

Ald. Fathers, for a cross-walk on the north side of Park Place, at the intersection of Division street. Adopted.

Mayor Winans appointed as a special committee to select and report a site for a "pest house," Alds. Fathers, Hanthorn and Smith.

Ald. Smith, providing for the construction of "hot process" concrete walk on the west side of the Corn Exchange square. Adopted.

On motion of Ald. Smith the council voted $25 reward to G. H. Davey, for information leading to the conviction of the person pulling a fire alarm box in the first ward.

Ald. Smith, that the city attorney be instructed to enforce the ordinance recently passed requiring flagmen at the railroad crossings until ten o'clock in the evening, as he did not believe a flagman had been out a single evening since the order was passed. Adopted.

On motion of Ald. Hanthorn C. H. Lee was appointed special police without compensation to look after the fountain and court house park.

Mayor Winans:—Before the council adjourns I desire to call your attention to certain duties of the street commissioner, not that I desire to find fault with Mr. Brown, but there are certain duties the charter requires of him. [The Mayor then read from the charter in reference to the duties of the street commission, wherein that officer is required within ten days after his election, to make a written report to the council of the condition of the streets, sidewalks, gutters, etc., and what in his judgment may be necessary to repair or improve the same; that he must keep a time book of all persons and teams in the employ of the city, showing when and where employed, what material used and cost of same.] Mayor Winans then continued his remarks substantially as follows:—This report must be made in writing, in duplicate, the the street commissioner to retain a copy. The street commissioner virtually has the entire ward funds at his disposal, and it would be an easy matter for a dishonest person to impose upon the common council. A record should be kept so that if an officer should die suddenly the council would have some record to refer to. This book should be filed with the clerk that it may be used by other officers succeeding to that office. Some work was being done in the third ward, earth was being disposed of to private parties and by what authority was unknown to the mayor. I do not wish to be understood as reflecting anything against Mr. Brown. I do not know that any of his predecessors ever kept a record of work in the city; the season is now so far advanced that probably it would be well to prepare a book and have it ready for next season. Perhaps all this is the fault of the council in not having required a more rigid adherence to the law.

On motion of Ald. Baker, the highway, street and bridge committee was instructed to report a form for a book to be kept by the street commissioner, and report at the next meeting.

On motion of Ald. Norris the council adjourned.

THE Panama canal, according to the best and most impartial authority in France, has not gained enough from its last loan, after paying usury and expense, to enable it to continue work six months longer.

IN London dressmakers and others are fined heavily for allowing their girls to work over-hours in the shops. Jay, the great mourning storeman, was recently up in the police court on a charge of this sort.

VICTOR BROCCA, an Italian engineer, has completed the survey of a proposed canal across Italy from near Castro on the Tyrrhenian sea to Fano, on the Adriatic. It will be 180 miles long if it is ever built, and will cost $100,000,000.

EMPEROR WILLIAM II. has directed that 30,000,000 marks more of gold coin be struck with the portrait of his father, 20,000,000 marks in double crowns and 10,000,000 in single crowns. There is already a premium of three marks on the 20-mark pieces.

THE statistics of suicides in France show for the past twelve months 7,572, one-fifth of these being in and around Paris. Poverty has only caused 483, and this figure includes a morbid fear of impending misery without actual privation; 1,075 cases may be traced to mental aberration, and 1,228 to physical suffering. Among the moral cases, domestic trouble stand first and alcoholism next. There are 200 cases of disappointed love, 27 from jealousy, dislike of military service giving 25.

FOUND AMONG FARMERS.

LAND that has been affected by corn "smut" or ergot had best be seeded. It is the most effectual remedy.

KEEP squashes and pumpkins away from cantaloupes and watermelons. In fact, it is best to grow no pumpkins on a farm where melons are raised, as the bees carry pollen from one plant to another.

THE owner of a horse who thinks to add to the beauty of the animal by curtailing his fair proportions in docking the flowing tail, especially in fly time, should be condemned to go bare-headed throughout the dog days.

CASTOR oil is usually preferred for use on the axles of carriages, and just enough should be used to give the spindle a light coating. Before applying the oil the spindle should be wiped off clean in order to remove the iron that has been worn off and mixed with old oil adhering to the spindle.

IT is just as proper to keep rich milk separate from that of an inferior quality and secure for it an extra price as it is to assort other articles on the farm. If dairymen would make it a point to sell milk of the best quality only they could secure a class of customers who would not object to paying an extra price for it.

PROBABLY the cheapest meat that the farmer ever makes is the pork that he makes on clover. Of course, reference here is had not so much to the actual pork which fills the barrel at Christmas as to the muscle and bone which are built up and the general foundation which is laid for that fat. The summer clover makes the frame; the old corn fills it with fat.

A FARMER should select his seed with great care. He can't afford to waste time in sowing poor seed or in cultivating or reaping the scanty produce from it, and surely he can not afford the use of the land for such a purpose. Remember it costs more to till and harvest the ground necessary to raise one hundred bushels of grain from poor seed than it does from good seed, while the product from poor seed will not sell as well as that from good seed.

THE growing of clover is equal to deep plowing, because its roots penetrate deeply in search of food for the stems and leaves, which, if plowed into the land, will undergo decomposition and leave, near the surface, elements taken from the subsoil. Its leaves take carbonic acid largely from the atmosphere, and the plowing in of this crop augments the carbon of the soil very materially, which changes its color and gives it greater capacity to absorb solar heat and to retain manures and ammonia, whether resulting from their decomposition or absorbed from the atmosphere.

WHAT IS THE AIR CUSHION.

For the Relief and Cure of Rupture.

This invention consists of an Air Cushion of different sizes, and fullness to enable us to select a suitable cushion for retaining all and every kind of rupture. It is soft, pliable and comfortable, retaining the worst rupture perfectly. We are, of course, speaking of any reducable hernia which can be held with the hands; its pliability permits any movement of the body, without crowding it off from the rupture; it allows a free circulation of the blood under the pad; therefore does not interfere with a proper amount of deposit of new tissue; consequently avoids all tendency to attenuation of the tissue which we must have in order to obtain a permanent cure. We must obtain perfect retention, the first and most important step in our treatment. If this point is not secured all our other efforts will prove of no avail. We must not allow the descent of the rupture while the deposit of new tissue is going on to replace the broken and it has had time to become hard and firm. To excite the deposit of this tissue we use in combination with the air cushion, the German Radical Cure System. Our treatment is based upon scientific principles; principles capable of being elucidated to the satisfaction of the pathological and anatomical student. Myers house, Sept. 19 and 20.
